

July 22, 2026

KAREN L. GALANIDA, PHD., CESO VI
Schools Division Superintendent
DepEd, Schools Division of Surigao del Norte
Peñaranda Street, Brgy. Washington, Surigao City

Dear **Ma'am Galanida**:

Greetings from the Department of Information and Communications Technology – Region XIII!

We acknowledge receipt of your letter dated **July 20, 2026**, requesting the conduct of a **Division Training on the Philippine National Public Key Infrastructure (PNPKI)**. We sincerely thank the **DepEd Schools Division of Surigao del Norte** for considering the Department of Information and Communications Technology (DICT) as its partner in advancing digital transformation initiatives within the education sector.

As the government continues to transition toward paperless and more efficient processes, the role of secure digital tools such as the Philippine National Public Key Infrastructure (PNPKI) and digital signatures becomes increasingly vital. The proper use of these technologies ensures that government transactions are faster, more convenient, secure, verifiable, and legally recognized. This is especially important for personnel who handle administrative processes and sign official documents, promoting the integrity, authenticity, and accountability of electronic transactions.

In support of this initiative, our office is pleased to conduct the **Division Training on the Philippine National Public Key Infrastructure (PNPKI)** in **three (3) batches** on **July 29–31, 2026**, at the **Division Training Center, DepEd Surigao del Norte, Surigao City**. The training aims to strengthen the knowledge and skills of school heads, Public Schools District Supervisors, Education Program Supervisors, and Section Heads on the installation, issuance, and proper use of digital certificates to support secure, efficient, and paperless government transactions.

We are pleased to introduce **Mr. Reyamar A. Estafia**, Planning Officer II, and **Mr. Mikko M. Lumpot**, Information Officer I, as resource speakers for the training. To ensure smooth participation, we kindly request that each participant prepare the following:

- A **stable internet connection** at the designated training venue
- An **office-used or personal laptop** to bring to the training

To facilitate early processing of PNPKI applications, please complete the attached **PNPKI Bulk Application Google Form** and submit it on or before **July 28, 2026, at 12:00NN**. For further inquiries, you may contact **Mr. Mikko M. Lumpot** via mobile at **0921-517-5886** or email surigaodelnorte@dict.gov.ph.

We look forward to our continued partnership with the **Schools Division of Surigao del Norte** in advancing secure, efficient, and paperless government services through the adoption of the Philippine National Public Key Infrastructure (PNPKI).

Sincerely yours,

MARIO P. CUÑADO
Regional Director, DICT R13
