HON. TESSIE JEAN C. NAKAO

Municipal Mayor
Municipality of Bacuag
Poblacion, Bacuag
Surigao del Norte, 8408

Dear **Mayor Nakao**:

Greetings from the Department of Information and Communications Technology – Region XIII!

Pursuant to Republic Act No. 10844, the DICT, through its Cybersecurity Bureau, continues to advance the Philippine National Public Key Infrastructure (PNPKI), a trusted system that enables secure, authenticated, and legally recognized electronic transactions through digital certificates and digital signatures.

In support of the government's continuing digitalization and paperless governance initiatives, DICT–Caraga, through the Surigao del Norte Provincial Office, respectfully **proposes the conduct of a PNPKI Orientation** for selected personnel of the **Municipality of Bacuag** at a mutually convenient schedule. The session will provide an overview of PNPKI, its legal framework, and a practical demonstration of digital signatures for official transactions.

Following this engagement, and should your office express interest, a **PNPKI Users' Training** will be conducted where participants will be issued official digital certificates. These certificates play a vital role in strengthening secure authentication and digital signing, ultimately enabling more paperless, efficient, and streamlined LGU transactions.

In this regard, we respectfully request your office to designate a focal person who may coordinate with us for the scheduling and other necessary arrangements. For coordination, kindly contact **Mr. Mikko M. Lumpot** at 0921-5175-886 or via email at surigaodelnorte@dict.gov.ph.

.

We look forward to your favorable response and to working closely with your LGU in advancing secure, efficient, and future-ready digital governance.

Very truly yours,

MARIO P. CUÑADO

Regional Director, DICT R13
